

ACACIA SPRL

COMPANY PROFILE

ABOUT ACACIA SPRL

ACACIA SPRL is a company with assets in mines, our mines are open-pit medium-class mines

located in Kimvula, (Bas-Congo), Kasongo Lunda, Popokabaka, Kahemba et Kenge (Bandundu) Tshikapa, (Kasaï-Occidental) , Kalehe (Sud Kivu), Moba, Pweto (Katanga) all in the Democratic Republic of the Congo (DRC).

Artisan Miners under ACACIA SPRL acquired full responsibility of the all the cited mines mines in February 2008.

We extract and develop copper, gold, coltan and other base metals around Kolwezi Territories in Katanga in the Democratic Republic of the Congo. We work with our partners locally, and the neighboring countries like Uganda, Zambia and Tanzania, to process and transform our rough mining products into final products destined to the international market. A long-term outlook, our pride in mining, our commitment to shared standards and our respect for people, land and culture underpins our success.

We are ACACIA Spri and We mine for Excellence.

FRIENDLY MINING SERVICES

Presently, we are one among the leading exporters of Semi Refined Gold, Roughly Cut Diamonds, Coltan and Copper products in The Democratic Republic of Congo. We provide direct employment to more than 200 local Congolese people and we are also source to business

opportunities to service sectors – Banking, Insurance, Transport, Sampling and Inspection agencies in and around Lubumbashi, South Eastern Province of Congo.

Mining impacts the local ecological balance and the environmental conditions. We adopts a greener approach towards Mining and Mineral Processing activities by innovative ways of Sustainable Mining and Mineral Processing.

PRODUCTS

OUR GOAL

Our long term goal is to become a leading, sustainable and efficient medium sized gold producer. In a low gold price environment, we will achieve this through creating value for our shareholders by minimizing risks related to exploration, mining, and processing of our mineral resources and increasing efficiency. Our primary focus is on gold, diamonds, coltan and copper cathodes production in our local mines but we may diversify into other minerals over time.

OUR STRATEGY

The growth and sustainability of the Company will rely on:

... in the short term, a focus on reducing costs and increasing production of our existing assets to full capacity;

... in the medium term, continuing exploration at our existing properties to expand resources, extend mine lives, and construct and place new mines into production; and

... in the medium to long term position Acacia SPRL as a consolidation vehicle for Congo gold assets.

OUR VALUES

People

◆ *Safety* ◆

People are our most important asset. Our mines are built and operated by our employees and it is our highest priority to create and maintain a safe and healthy working environment for them. We are constantly searching for new and innovative methods to ensure the safety of our employees. We can proudly say that the level of accidents and injuries is very low in the company compared to the rest of the sector.

◆ *Respect* ◆

We are committed to providing a positive working environment free of discrimination and harassment in all of our activities. We act and treat each other with dignity and respect. We believe that employees who are treated with respect have a higher level of professional performance. All of our employees are given equal opportunities for career development. We reward and encourage teamwork, creativity and innovation.

Environment and the Community

◆ *Social responsibility* ◆

We are actively engaged in the local communities in the areas in which we operate by, among other things, by supporting and contributing to education and infrastructure and by prioritizing the local population when employing staff.

◆ *Responsible mining* ◆

Environmental responsibility is a central issue in a company with operations involving environmental risks. The majority of the Company's activities are carried out in areas which are sensitive to the impact of mining operations. ACACIA SPRL understands that there are people living close to our operations and, therefore, seeks to minimize the negative impact of our operations on the environment by focusing on adopting innovative technologies, continuously optimizing resource utilization and decreasing waste.

Integrity and Corporate Governance

ACACIA's success is dependent on trust and support from all stakeholders, including shareholders, employees, suppliers, contractors, Government, and local communities, which is

why we are committed to the highest standards of integrity and sustainability. We have zero tolerance for corruption and aim to have the maximum level of transparency in our dealing with Government authorities, defending our interests in court when necessary. We genuinely believe that good corporate governance adds shareholder value and, therefore, the majority of our Board is composed of non-executive, independent directors with extensive experience in mining and in running public companies. Going forward, we intend to further strengthen our corporate governance in order to deliver maximum shareholder value.
